

SAMUEL CARDONNEL

Devops Engineer

I'm looking for a **Professionalization contract** (18 mois)

Availability : **March 2024**

Rythm : 3 weeks in enterprise / 1 week at school

A year ago, I decided to **retrain** to become a **DevOps** Engineer.
After a first career as a **Chiropractor**.

I'm currently owning a title of Web & mobile web developer and a training of System and network administrator.

Accepted inside a school for a **DevOps apprenticeship**.
I would like to make my skills available to a **company** where i could **contribute** to an innovative and concrete project.
